TT119/2022 Heritage Buildings Project - update

The Heritage Buildings sub group advised that their next meeting with Hayhurst will be on Thursday 23 March and that Hayhurst have set a date for their public consultation event as Thursday 30 March (times to be confirmed)

The Town Team discussed the working relationship with the consultants and thought perhaps the TT should be more proactive. It was agreed that Phil would contact Hayhurst to ask their perspective on how things were going with reference to public consultation, the breadth and depth of the feedback received to date, the expectations

of the 30 March and how it will be publicised and when they anticipate delivering their final report.

TT120/2022 Sustainable Transport Project - update

The sub group advised that the transport consultation event was well attended and the posters around town to publicise the event worked well. It was agreed that John would contact PJA to ask for a summary of the consultations, a general update and any suggestions for further input from the Town Team.

Mark Pearson joined the meeting.

TT121/2022 Cornwall Council Good Growth fund & other potential funding opportunities

Michelle circulated to all Town team members bullet points regarding eligibility, levels of funding & funding deadlines for the following: -

Cornwall Council's Good Growth Fund Town, Rural & Coastal High Street Development & Skills Programme

Cornwall Council's Good Growth Fund Culture & Heritage-led regeneration & skills

Historic England Regional Capacity Building Programme & National Lottery – Reaching Communities.

Due to the time constraints Michelle's recommendation is that the Town Team considers either applying or recommending that the Council applies for all four funds simultaneously and considers writing fees into the Project Management element of the funding bids.
